CARE GUIDELINES

CERAMIC TABLEWARE

Our products are manufactured to resist high temperatures without undergoing any alterations. All of our products are therefore dishwasher & microwave-oven friendly unless stated otherwise. With the exception of certain items, it is however not recommended to use any of the plates in the oven.

OVEN SAFE

MICROWAVE SAFE

HOLDING OF TEMPERATURE

DISHWASHER SAFE

MECHANICAL SHOCK RESISTANCE

THERMAL SHOCK RESISTANCE

CUTLERY

Immediately wash your metalware under running water after use, as stains will develop quickly if salty components and acids contained in food are not removed.

Steam and condensation due to hot water cause staining and premature corrosion, which is why cutlery should be dried as soon as possible to remove all traces of water. Ensure that the blades of knives placed in the cutlery holder do not touch other metal utensils, so that stains and damage by other items can be avoided.

Stains, stubborn dirt and corrosions can be easily removed with a scouring sponge.

Wash cutlery separately and avoid contact with other metalware as cutlery gets rusted in dishwashers due to corroded materials such as screws or rivets from saucepans or frying pans.

DISHWASHER SAFE

DURABLE

NON TOXIC

HORECA | COLLECTION

WHITE PORCELAIN

White Porcelain is the essence of Classic English style characterized by simple, elegant design details that have stood the test of time. Timeless design that are as contemporary as it is traditional. Clean, smooth curves, polished porcelain and a sense of the eternal define the whiteware collection.

Trendy
COUPE

Classic
GEORGIAN

These unique designs are designed with durability and quality at the forefront of the production methods which have been honed and practised throughout the ages by their craftsmen. This cutlery is made of sustainable 18-10 stainless steel material that gives a lifelong dining pleasure.
